LET'S BEGIN!!!

You're in a cave complex near the Keep on the Borderlands and the entire area is being overrun by orcs and other monsters. You are here seeking fabled riches that have been unearthed by the invading monsters. You have limited magical ability (3 Spell Points) and a mace.

You are trying to get to the door at the end of a hallway but you see three burly and surly orcs moving quickly towards you from that direction. They haven't seen you yet – you have the jump on them. Do you...
